November 14, 2016

To: Langlade County Logging Contractors

From: Erik Rantala  
Forest Administrator *Erik Rantala*

Subject: Langlade County Pulp and Timber Sale – December 8, 2016

Attached are the timber sale maps for the fall of 2016. Sale maps will also be available for viewing on your GPS enabled smartphone or tablet by downloading the free Avenza App for Android and iPhone. Please contact our office for details. Also, please note that there are different minimum bids for each specie.

The estimates on all sales are for the purpose of bidding and are offered as a guide to the amount of timber to be found on each job. All payments are based on actual scale. If you have any questions regarding the jobs, feel free to contact our office at 627-6300.

The Langlade County Forestry & Recreation Committee would like to remind all interested loggers submitting bids for the 2016 fall timber sales that **you are required to show that you are currently certified under the Sustainable Forestry Initiative (S.F.I.)**. If you are the successful bidder on a timber sale, your certification must remain current until the timber sale has been completed.

Bids must be accompanied by 10 percent of bid price. **An additional 15 percent will be required upon sale start-up.** The Forestry and Recreation Committee at their February 15, 2005 meeting approved this policy. The initial 10 percent due at time of bidding will be considered the performance bond for the timber sale and will be held by the county until the sale is completed and all stumpage charges are satisfied. The additional 15 percent will not be required until the logger is ready to begin cutting the sale and will then be used as the prepayment. If a logger starts the sale before the forestry department receives the additional 15 percent, the old policy of the additional 15 percent being due within 15 days of the letting of the sale will be re-instituted for that logger.

Also, please review the bid form. Instead of a separate bid form, each timber sale has its own bid form. Hopefully, this will be easier to complete and eliminate errors.

Bids must be by ton or MBF as offered. Please submit your sealed bids to the Forestry and Recreation Office, Fairgrounds, 1633 Neva Road, Antigo, WI 54409 no later than **8:30 a.m. on December 8, 2016**. All bids will be opened at **8:30 a.m. on December 8, 2016**, in the **Forestry Office Conference Room, Fairgrounds, Antigo, Wisconsin**.

Bids **MUST** be on the standard form as attached to this letter. Additional packets are available at the office upon request. If there is anyone who is not familiar with our timber sale policy, be sure to find out about it before submitting a bid.

## TIMBER SALE REGULATIONS

To: Langlade County Forestry Department  
1633 Neva Road  
Antigo, WI 54409  
(715) 627-6300

Subject to the following conditions:

1. All timber marked or designated for cutting on the sale area shall be cut.
2. Maximum stump height is to be 10 inches, or no higher than the diameter of the tree. Moreover, all cordwood products must be utilized to a 4 inch minimum top diameter, unless specified differently.
3. **A sum, payable to the Langlade County Treasurer, for an amount not less than 10 percent of the total bid on estimated wood must be deposited with the bid. The total of 25 percent deposit is required of all successful bidders before start of sale.**
4. No forest products shall be removed until scaled and marked by the county scaler unless other arrangements are made.
5. Undesignated trees cut or injured through carelessness and designated trees injured or left through carelessness shall be paid for at double the stumpage rate. Timber wasted in tops or stumps shall be paid for at the stumpage rate. Any trees bent or held down by felled trees shall be promptly released.
6. All wood not paid for at the specified stumpage rate is the property of Langlade County. This includes tops smaller than the utilization specification for cordwood products.
7. Piling of forest products on public road right-of-way must be approved by the forestry department or other authorized authorities.
8. Purchaser shall be liable for unwarranted site damage as a result of his operations and shall comply with all laws regarding stream crossings.
9. Upon written notice by the forest administrator, all operations must be suspended, if in his opinion the conditions of this agreement are not being complied with; and cutting may not be resumed without written authorization.
10. Timber sales contracts cannot be assigned in part or in whole without written approval by the administrator.
11. The purchaser is an independent contractor and not an employee or agent of the committee.
12. Only bids submitted that meet or exceed the minimum advertised stumpage rate for each species and product listed for a particular job will be accepted.
13. In the event that a bid is submitted that does not meet the minimum advertised stumpage rate for each species and product for a particular job, the Forestry and Recreation Committee does reserve the right to choose the bid most advantageous to the county.
14. Any or all bids may be rejected by the county forestry committee.
15. All sealed bids are to be plainly marked on the outside of the envelope: Timber Sale Bid - Job No. \_\_\_
16. The 25 percent deposit by the successful bidder will be used in part for payment on first wood scaled. No scaling or moving of wood will be allowed on any job unless a balance is maintained on the job.
17. All sawlogs must be separated from pulpwood when piled. All sawlogs will be scaled on the sale area, unless other arrangements have been made.
18. The purchaser shall provide the county, three days in advance of any cutting or woods operations, with a certificate of insurance, counter-signed by a Wisconsin resident agent, indicating that workers compensation insurance coverage is provided for all of the purchaser's employees working under the contract for its duration, prior to any performance under it.
19. This timber sale bid form, upon signing, will become part of the timber sale contract.
20. **The actual logging contractor is required to comply with the Wisconsin Sustainable Forestry Initiative (SFI) Training Standard.**
21. **Logging contractor will follow Best Management Practices (B.M.P.'s) during all phases timber sale operations.**
22. **Biomass Policy** – Topwood (Wood less than 4") – if utilized, will be charged at a rate of \$1.00/ton.
23. **All equipment on timber sale site must be clean and inspected before entering and starting the sale. Please call the Forestry office if you need assistance with cleaning/spraying equipment of at 715-627- 6300.**
