Agenda Item #2 Discuss funding request from the Executive Committee regarding Jail Mental Health Services for 2016: Sheriff Bill Greening explained the he thought the process of starting the Jail Mental Health Services was moving too fast and not all of the potential costs have been examined regarding starting this program. The Sheriff is worried that the cost of these new services will impact his budget and he currently does not have the funding for these new costs. The Sheriff asked for this item to be referred back to the Public Safety Committee for more evaluation. He does feel the service is needed, but he feels this should be studied more. The Sheriff also stated that his top priority in his department would be to have a new dispatcher position and he would like to see the funding put towards creating this position.
