

**MINUTES OF THE LANGLADE COUNTY  
PUBLIC SAFETY COMMITTEE  
TUESDAY, December 02, 2014**

**Members Present:** Arlene Bonacci, Vern Cahak, Pete Pennington, Dale Dahms, Larry Poltrock

**Members Absent:** None

**Others Present:** Bill Greening, Kim Bissonette, Becky McPhail, Brad Henricks, Larry Shadick

**Call meeting to order/Pledge of Allegiance**

Chairperson Bonacci called a meeting of the Llanglade County Public Safety Committee to order on the above date at 8:00 a.m., the Pledge of Allegiance immediately followed.

**Approval of Minutes of the November 04, 2014 meeting**

Moved by Pennington, second by Cahak to approve the minutes of the November 04, 2014 meeting. All ayes. **Motion Carried.**

**Coroner Report**

Larry Shadick presented the Coroner's Reports from October and November. The report was placed on file in the County Clerk's office with the minutes.

Moved by Dahms, second by Cahak to approve the Coroner's Reports from October and November. All ayes. **Motion Carried.**

**Child Support Report**

Becky McPhail presented the Child Support report. The report was placed on file in the County Clerk's office with the minutes.

Moved by Pennington, second by Poltrock to approve the Child Support Report. All ayes. **Motion Carried.**

**Emergency Management Report**

Brad Henricks presented the Emergency Management Report. The report was placed on file in the County Clerk's office with the minutes.

Moved by Dahms, second by Poltrock to approve the Emergency Management Report. All ayes. **Motion Carried.**

**At approximately 8:15 a.m. consider moving into closed session pursuant to Section 19.85(1)(C) to complete the annual evaluation of the Emergency Management**

**Director**

Moved by Dahms, second by Cahak to move into closed session at 8:19 a.m. All ayes. **Motion Carried.**

**At approximately 8:45 a.m. return to open session with possible action taken on any matters discussed in closed session**

Moved by Cahak, second by Poltrock to return to open session at 8:50 a.m. All ayes. **Motion Carried.**

Committee members were very impressed with the work that Brad has done and very happy with the work that he's doing.

**Car Report**

Sheriff Greening presented the car report. The report was placed on file in the County Clerk's office with the minutes.

Moved by Dahms, second by Cahak to approve the Car Report. All ayes. **Motion Carried.**

**Sheriff/Jail Office/Nurse Report**

Sheriff Greening presented the Jail Office report and Medical report. The report was placed on file in the County Clerk's office with the minutes.

Sheriff Greening also informed the committee that they have completed the lawsuit. There were eight people from the Sheriff's Office that went down to Milwaukee for four days. The Trial was supposed to last two days but went into three days. The Jury found in our favor. The person that initiated this lawsuit is going to file another appeal. This has cost taxpayers a lot of money. Sheriff Greening will get the totals together and let the committee know how much.

Sheriff Greening also informed the committee that Sgt. Andrew Tainter submitted his letter of resignation and that today is officially his last day. There isn't a current eligibility list but are in the process of advertising for this position. We may have to fill 3-4 deputy position in the next year as there may be a couple retiring also.

Moved by Dahms, second by Cahak to approve the Sheriff/Jail Office/Nurse Report. All ayes. **Motion Carried.**

**Take action on 2015 squad service proposals that were opened at November's meeting**

Last month two proposals were received for squad service from Marty's Shell and Langlade Ford for 14 vehicles. Langlade Ford was \$28.50 per squad per month and Marty's Shell was \$39.95 per squad per month. Marty's Shell specified they would use synthetic oil. Synthetic oil is very expensive. Langlade Ford did not specify this and it was decided to have this item brought back to this committee meeting after Sheriff Greening checked with Langlade Ford to see if their bid also included synthetic oil. Sheriff Greening spoke with Langlade Ford and they use a synthetic blend which is no different or better than any other. Pennington noted that we should specify which filters and oil should be used on the vehicles and also a turnaround time on future proposals.

Moved by Dahms, second by Poltrock to go with the lower bid of \$28.50 per squad per month from Langlade Ford. All ayes. **Motion Carried.**

### **Open 2015 new squad proposals with action**

Sheriff Greening informed the committee that he is replacing three squad cars for 2015, two marked and one unmarked. The new unmarked will replace the current 2008 Chevy Impala which has 104,592 miles on it. Greening stated that he sent bids to include both rear wheel and all wheel drive, front wheel drive vehicles don't hold up. Three sealed bids were received from Langlade Ford, Brickner's of Antigo and Ewald Chev-Buick. Sheriff Greening also stated that he prefers all wheel drive vehicles. Chairperson Bonacci opened and read the bids as follows:

#### **Langlade Ford**

Ford-Two Wheel Drive: 2-Marked@\$23,399 ea , 1-Unmarked \$23,273 = \$70,072

Ford-All Wheel Drive: 2-Marked@\$24,398 ea , 1-Unmarked \$24,274 = \$73,070

Ford-V-6 Ecoboost: 2-Marked@\$26,998 ea , 1-Unmarked \$26,804 = \$80,800

#### **Brickner's of Antigo**

Dodge Chgr-All Wheel Dr V-8: 2-Marked@\$26,990 ea, 1-Unmarked \$26,606 = \$80,586

Dodge Chgr-Rear Wheel Dr V-6: 2-Marked@\$24,541ea, 1-Unmarked \$24,257 = \$73,339

#### **Ewald**

Ford-Rear Wheel Dr: 2-Marked@\$23,658 ea, 1-Unmarked \$23,532 = \$70,848

Ford-All Wheel Dr: 2-Marked@\$24,658 ea, 1-Unmarked \$24,532 = \$73,848

Chev Impala-Front Wheel Dr: 2-Marked@\$20,551 ea, 1-Unmarked \$20,309 = \$61,411

Dodge Chgr-Rear Wheel Dr V-6: 2-Marked@\$23,913 ea, 1-Unmarked \$23,726 = \$71,552

Dodge Chgr-All Wheel V-8: 2-Marked@\$25,898 ea, 1-Unmarked \$25,711 = \$77,507

There was discussion on substantial cost involved to re-outfit the entire vehicles if the Sheriff's Office went from Dodge to Ford vehicles. Sheriff Greening also stated that Chevy Impala's don't hold up. Sheriff Greening asked that this item be delayed until next month so he can do some research on cage and light bar costs and also what model vehicle the Ford proposals were for.

Moved by Pennington, second by Poltrock to table this item until next month's meeting. All ayes. **Motion Carried.**

### **Discuss refilling vacant deputy position with action**

Sheriff Greening informed the committee that Sgt. Andrew Tainter has resigned as of today and asked authorization from the committee to refill this position.

Moved by Poltrock, second by Pennington to approve refilling the vacant deputy position. All ayes. **Motion Carried.**

### **Next Meeting Date**

The next meeting will be held Tuesday, January 06, 2015 at 8:00 a.m.

### **Adjournment**

A motion was made by Pennington, second by Poltrock to adjourn the meeting at 9:52 a.m. All ayes. **Motion Carried.**

## Emergency Management Report - Dec. 2014

November pushed us back into the winter season, perhaps a little early. Let's hope that it won't be a repeat of last year. But it was appropriate for Winter Awareness Week, which was November 10-14. Action was begun on FFY 2015 Plan of Work items. Ebola issues have leveled off for the time being. Here is just a brief synopsis of the month's activities:

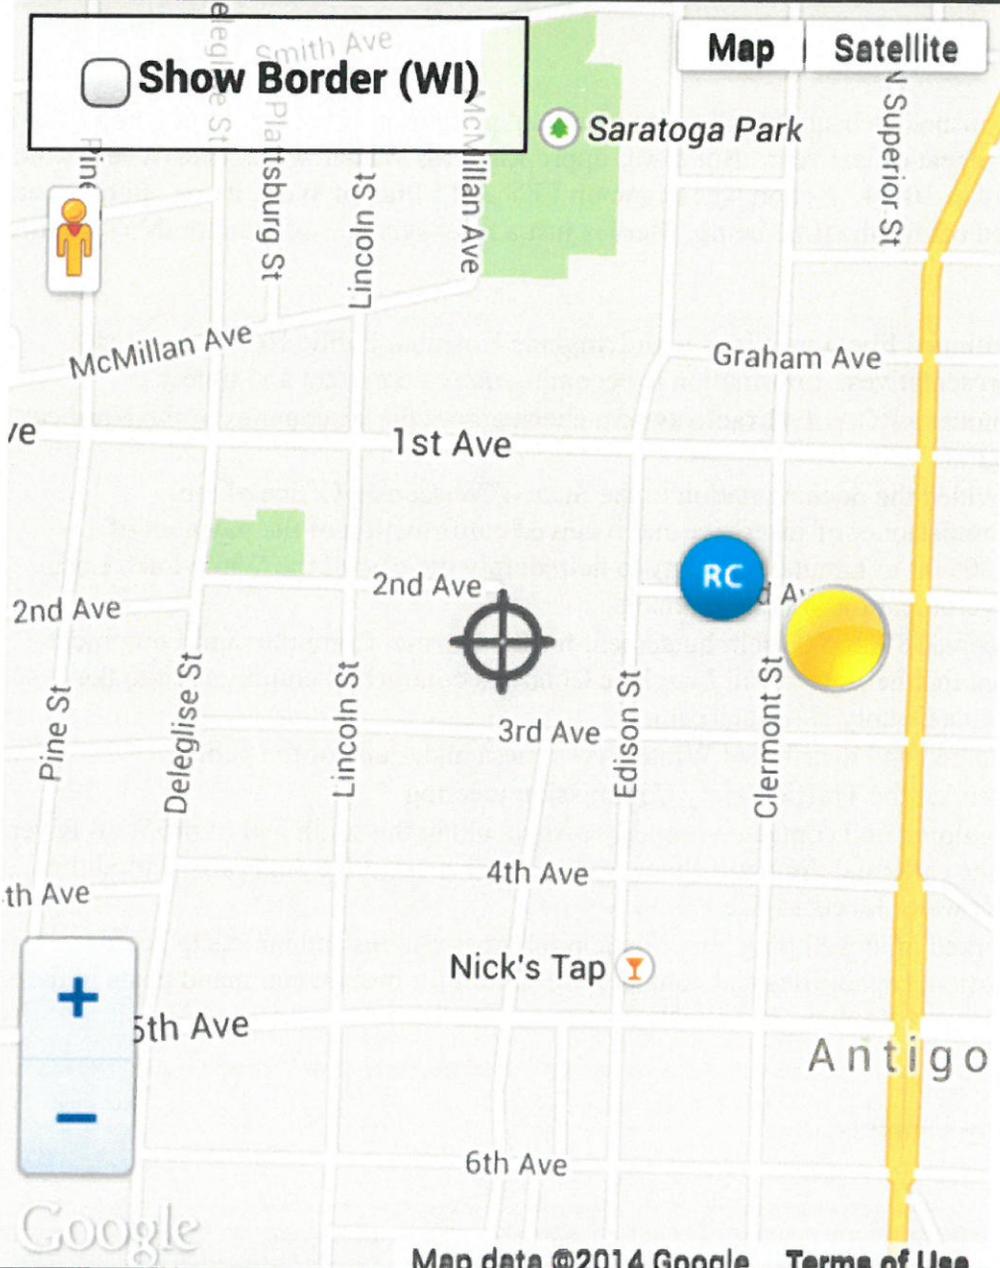

- Continued Ebola meetings with Langlade Hospital, Public Health and EMS representatives. Information is becoming more consistent and timely.
- Conduct a RCALL41 radio system check across the 13 counties of the Northeast Region.
- Provided the documentation to the State of Wisconsin Office of the Commissioner of Insurance and received confirmation of the payment of \$8,305.00 to Langlade County to help defray the cost of the White Lake Local Government radio system repairs.
- Received \$9,266.00 reimbursement for the Hazmat Computer and Equipment grant that helps to fulfill Langlade County's contractual commitment to the Oneida County Hazmat Team.
- Prepared and distributed Winter Awareness materials for the public.
- Attended the Traffic Safety Commission meeting.
- Monitored and contacted property owners along the south end of the Wolf River as the early and dramatic changes in weather created ice dams and started the river water levels to rise.
- Worked on developing a mobile app for smartphones and tablets to access location, capabilities and contact information for mobile command posts in the Northeast Region. See attached screen shots.

Respectfully submitted,

Brad Henricks  
Emergency Management Director

# Police Interceptor Sedan/Utility

## Performance/Handling

# 2015

### Engines for Pursuit Driving cont'd

#### 3.5L Ti-VCT FFV V6

- Available on Sedan FWD only
- **288 horsepower @ 6500 rpm**
- **254 lb.-ft. of torque @ 4000 rpm**
- Aggressive deceleration fuel shutoff (ADFSO)
- Aluminum engine block and cylinder heads are strong and durable yet lightweight, which benefits overall fuel efficiency
- Deep sump die-cast oil pan helps to reduce weight, improve engine rigidity, and provides added lubricating capacity
- Dual overhead camshaft (DOHC) design with 4 valves per cylinder helps provide efficient flow of the air and fuel mixture into the cylinders as well as the escaping exhaust gases
- Electronic throttle control (ETC)
- Unique police engine oil cooler helps keep engine operating temperatures lower to improve durability
- Flex-fuel (E85) capable<sup>(1)</sup>
- Forged steel, fully counterweighted crankshaft with four-bolt main caps helps provide strength and long-term durability
- Piston-cooling jets help improve oil warm-up and maintain cooler piston temperatures for improved efficiency and overall durability
- Twin independent variable camshaft timing (Ti-VCT)

#### 3.5L EcoBoost V6

- Available on Sedan AWD
- Available on Utility
- Provides V8 equivalent performance capabilities desired by highway patrol and other agencies with the efficiency of a V6
- **365 horsepower @ 5500 rpm<sup>(2)</sup>**
- **350 lb.-ft. of torque @ 1500 – 5000 rpm**
- Aggressive deceleration fuel shutoff (ADFSO)
- Aluminum engine block and cylinder heads are strong and durable yet lightweight, which benefits overall fuel efficiency
- Deep sump die-cast oil pan helps to reduce weight, improve engine rigidity, and provides added lubricating capacity
- Gasoline direct-injection
- Electronic throttle control (ETC)
- Forged steel, fully counterweighted crankshaft with four-bolt main caps helps provide strength and long-term durability
- Parallel twin turbochargers are water-cooled to help provide durability and long service life
- Intake variable camshaft timing (iVCT) adjusts intake timing for maximum performance and efficiency
- Premium fuel is recommended but not required
- **148 mph top speed** (131 mph top speed limiter available) on Sedan
- 131 mph top speed on Utility
- Calibrated specifically for pursuit driving
- All-wheel-drive Power Transfer Unit (PTU) includes a separate cooler to help ensure component longevity

#### ENGINEERING INSIGHT

##### Electronic Throttle Control (ETC)

- Standard on all engines
- Also known as “drive by wire”
- Uses an accelerator pedal sensor to read and interpret the driver’s intentions
- Translates accelerator motions and other inputs into control of engine power. The accelerator pedal controls the throttle with a computer-controlled stepping motor vs. a conventional linkage from pedal to throttle
- Enhances control, driveability and performance

(1) Flex-fuel capability not available in Green States.

(2) Using 93-octane fuel.

# LAW ENFORCEMENT VEHICLE MINIMUM SPECIFICATIONS: FULL SIZE

## NOTES:

1. Vehicle must be equipped as tested for compliance with Michigan State Police Test Standards unless required otherwise by these specifications.
2. The term "heavy duty" as applied to these specifications shall be interpreted to mean that the item to which the term is applied shall exceed the usual quantity, quality or capacity supplied with standard production vehicle, and it shall be able to withstand unusual strain, exposure, temperature, wear and use.
3. All equipment must be factory installed unless specifically stated otherwise.

## FACTORY INSTALLED EQUIPMENT

1. Model – New 2015 Model, 4-door full size sedan, of no less than 110" wheelbase.
2. Performance – Meet Michigan State Police specifications for top speed, handling, acceleration and braking, and pass all aspects of that test. MUST be a Police Package Vehicle.
3. Engine – As noted above (Note #1) and designed for police use. Quote price for V6 and V8.
4. Transmission – Automatic designed for police operation with low gear lockout; equipped with overdrive and lock up converters where available.
5. Suspension system – Maximum police handling package to include heavy-duty front and rear springs, shocks and stabilizer bars.
6. Air conditioning – Designed to prevent component damages due to high-speed operation.
7. Alternator – Maximum available heavy-duty type of at least 100-amp rating. Curb idle output of 45 amps.
8. Trunk lid release automatic trunk opener – Electric device to unfasten or unlock trunk lid from driver's position inside car.
9. Batteries – Two (2) with Maximum CCA available for police use. *-Single 750CCA battery*
10. Brakes – ABS (anti-lock) system including heavy-duty power front and rear brakes designed for police use.
11. Clock – Digital clock
12. Cooling system – Heavy-duty cooling system, maximum radiator and fan available. Anti-freeze set to -35 degrees Fahrenheit.

13. Cruise Control – Manufacturer’s standard cruise control.
14. Differential – Must be equipped with limited slip or traction control (mechanical or electronic) if available. Gear ratio designed to give the best overall performance for the transmission and tire size installed on the vehicle. *Has Dime Line Traction Control*
15. Interior lights – Dome lights (or courtesy lights) should not be wired to turn on automatically when the vehicle’s doors are opened. A dash-based switch must control dome and dash lights. A second dome light (in addition to the standard dome light) must be mounted in the interior roof center immediately above the windshield and must be turned on and off by a switch on the fixture. *4*
16. Door locks and windows – Power door locks and power windows, all operable from the driver’s side door.
17. Gas tank – Maximum size available.
18. Gauges – Dash mounted full instrumentation to include trip meter and temperature, amp meter (or voltage), fuel and oil pressure gauges.
19. Horns – Dual electric horns.
20. Interior – Carpeting and color keyed floor mats front and rear.
- A. Seats (marked squads) – Heavy-duty cloth front bucket seats (if available) Cloth front and Vinyl rear seats, with power seat to driver and contoured for duty belts.
- Quoted cloth front + Rear seats on unmarked car*
21. Locks and keys – all vehicles supplied by one manufacturer shall be Fleet keyed alike and use one key to operate doors(driver and passenger), ignition and trunk. Should the bid that’s accepted be that same manufacturer as last year, they need to be keyed alike as last year’s cars.
- A. Six (6) each remote access keys for marked squads
- Factory Fleet Keys - 6 total*
- Aftermarket Key fobs - 2 total*
22. Mirrors – Remote control nonglare type exterior mirrors on right and left sides, interior day/night mirror. Exterior mirrors MUST be HEATED.
23. Paint color – To be determined on acceptance of bid.
24. Radio – Factory installed AM/FM stereo radio.
25. Radio Noise Suppression Kit – Manufacturer’s standard AM and police radio noise reduction kit including any optional grounding straps are required.
26. Rear window defroster – Electric type defroster with wire in glass.
27. Speedometer – Certified and calibrated by the manufacturer and accurate to within two (2) miles per hour throughout the entire speed range when installed and operated in the vehicle.
28. Steering – Power steering with firm feel and tilt.

29. Tinted glass – Tinted glass on all windows.
30. Largest trunk space available. Trunk light – Light in trunk compartment to illuminate the trunk area whenever the deck lid is open, regardless of the position of ignition switch or other manual switches.
31. Wheel covers – Full size vented wheel covers.
32. Wheels /Tires -heavy-duty type, designed for police use. Valve stem must extend outside the wheel cover to check air pressure. Must include donut spare tire.
33. Windshield wipers and washers – Intermittent wipers and electric washers.
34. Air bag – Drivers and passenger’s side.
35. Spotlight –
  - A. Driver’s side factory installed for two (2) marked squads.
36. Wiring option for horn, siren and radio should be factory installed.
37. Factory wiring harness for alternating or flashing headlights.
38. Center console equipment rail. ✓

- Quoted Front headlamp housing for LED lights add \$775.00 to quoted price/vehicle

**SEALED BIDS MUST BE CLEARLY MARKED “VEHICLE PROPOSALS” AND RECEIVED BY THURSDAY, NOVEMBER 20, 2014 BY 3:00 P.M.**

EQUAL OPPORTUNITY EMPLOYER

# LAW ENFORCEMENT VEHICLE MINIMUM SPECIFICATIONS: FULL SIZE

## NOTES:

1. Vehicle must be equipped as tested for compliance with Michigan State Police Test Standards unless required otherwise by these specifications.
2. The term "heavy duty" as applied to these specifications shall be interpreted to mean that the item to which the term is applied shall exceed the usual quantity, quality or capacity supplied with standard production vehicle, and it shall be able to withstand unusual strain, exposure, temperature, wear and use.
3. All equipment must be factory installed unless specifically stated otherwise.

## FACTORY INSTALLED EQUIPMENT

1. Model – New 2015 Model, 4-door full size sedan, of no less than 110" wheelbase.
2. Performance – Meet Michigan State Police specifications for top speed, handling, acceleration and braking, and pass all aspects of that test. MUST be a Police Package Vehicle.
3. Engine – As noted above (Note #1) and designed for police use. Quote price for V6 and V8.
4. Transmission – Automatic designed for police operation with low gear lockout; equipped with overdrive and lock up converters where available.
5. Suspension system – Maximum police handling package to include heavy-duty front and rear springs, shocks and stabilizer bars.
6. Air conditioning – Designed to prevent component damages due to high-speed operation.
7. Alternator – Maximum available heavy-duty type of at least 100-amp rating. Curb idle output of 45 amps.
8. Trunk lid release automatic trunk opener – Electric device to unfasten or unlock trunk lid from driver's position inside car.
9. Batteries – Two (2) with Maximum CCA available for police use. - Single 860 cca battery
10. Brakes – ABS (anti-lock) system including heavy-duty power front and rear brakes designed for police use.
11. Clock – Digital clock
12. Cooling system – Heavy-duty cooling system, maximum radiator and fan available. Anti-freeze set to -35 degrees Fahrenheit.

13. Cruise Control – Manufacturer’s standard cruise control.
14. Differential – Must be equipped with limited slip or traction control (mechanical or electronic) if available. Gear ratio designed to give the best overall performance for the transmission and tire size installed on the vehicle. *Has traction control*
15. Interior lights – Dome lights (or courtesy lights) should not be wired to turn on automatically when the vehicle’s doors are opened. A dash-based switch must control dome and dash lights. A second dome light (in addition to the standard dome light) must be mounted in the interior roof center immediately above the windshield and must be turned on and off by a switch on the fixture.
16. Door locks and windows – Power door locks and power windows, all operable from the driver’s side door.
17. Gas tank – Maximum size available.
18. Gauges – Dash mounted full instrumentation to include trip meter and temperature, amp meter (or voltage), fuel and oil pressure gauges.
19. Horns – Dual electric horns.
20. Interior – Carpeting and color keyed floor mats front and rear.
  - A. Seats (marked squads) – Heavy-duty cloth front bucket seats (if available) Cloth front and Vinyl rear seats, with power seat to driver and contoured for duty belts.
21. Locks and keys – all vehicles supplied by one manufacturer shall be Fleet keyed alike and use one key to operate doors(driver and passenger), ignition and trunk. Should the bid that’s accepted be that same manufacturer as last year, they need to be keyed alike as last year’s cars.
  - A. Six (6) each remote access keys for marked squads
22. Mirrors – Remote control nonglare type exterior mirrors on right and left sides, interior day/night mirror. Exterior mirrors MUST be HEATED.
23. Paint color – To be determined on acceptance of bid.
24. Radio – Factory installed AM/FM stereo radio.
25. Radio Noise Suppression Kit – Manufacturer’s standard AM and police radio noise reduction kit including any optional grounding straps are required.
26. Rear window defroster – Electric type defroster with wire in glass.
27. Speedometer – Certified and calibrated by the manufacturer and accurate to within two (2) miles per hour throughout the entire speed range when installed and operated in the vehicle.
28. Steering – Power steering with firm feel and tilt.

29. Tinted glass – Tinted glass on all windows.
30. Largest trunk space available. Trunk light – Light in trunk compartment to illuminate the trunk area whenever the deck lid is open, regardless of the position of ignition switch or other manual switches.
31. Wheel covers – Full size vented wheel covers.
32. Wheels /Tires -heavy-duty type, designed for police use. Valve stem must extend outside the wheel cover to check air pressure. Must include donut spare tire.
33. Windshield wipers and washers – Intermittent wipers and electric washers.
34. Air bag – Drivers and passenger’s side.
35. Spotlight –
  - A. Driver’s side factory installed for two (2) marked squads.
36. Wiring option for horn, siren and radio should be factory installed.
37. Factory wiring harness for alternating or flashing headlights.
38. Center console equipment rail.

**SEALED BIDS MUST BE CLEARLY MARKED “VEHICLE PROPOSALS” AND RECEIVED BY THURSDAY, NOVEMBER 20, 2014 BY 3:00 P.M.**

## LAW ENFORCEMENT VEHICLE MINIMUM SPECIFICATIONS: FULL SIZE

### NOTES:

1. Vehicle must be equipped as tested for compliance with Michigan State Police Test Standards unless required otherwise by these specifications.
2. The term "heavy duty" as applied to these specifications shall be interpreted to mean that the item to which the term is applied shall exceed the usual quantity, quality or capacity supplied with standard production vehicle, and it shall be able to withstand unusual strain, exposure, temperature, wear and use.
3. All equipment must be factory installed unless specifically stated otherwise.

### FACTORY INSTALLED EQUIPMENT

1. Model – New 2015 Model, 4-door full size sedan, of no less than 110" wheelbase.
- STD 2. Performance – Meet Michigan State Police specifications for top speed, handling, acceleration and braking, and pass all aspects of that test. MUST be a Police Package Vehicle.
3. Engine – As noted above (Note #1) and designed for police use. Quote price for V6 and V8.
- STD 4. Transmission – Automatic designed for police operation with low gear lockout; equipped with overdrive and lock up converters where available.
- STD 5. Suspension system – Maximum police handling package to include heavy-duty front and rear springs, shocks and stabilizer bars.
- STD 6. Air conditioning – Designed to prevent component damages due to high-speed operation.
- STD 7. Alternator – Maximum available heavy-duty type of at least 100-amp rating. Curb idle output of 45 amps. *220 Amp*
- STD 8. Trunk lid release automatic trunk opener – Electric device to unfasten or unlock trunk lid from driver's position inside car.
9. Batteries – Two (2) with Maximum CCA available for police use. *only 1 800 AMP.*
- STD 10. Brakes – ABS (anti-lock) system including heavy-duty power front and rear brakes designed for police use.
- STD 11. Clock – Digital clock
- STD 12. Cooling system – Heavy-duty cooling system, maximum radiator and fan available. Anti-freeze set to -35 degrees Fahrenheit.

- STD 13. Cruise Control – Manufacturer’s standard cruise control.
- STD 14. Differential – Must be equipped with limited slip or traction control (mechanical or electronic) if available. Gear ratio designed to give the best overall performance for the transmission and tire size installed on the vehicle.
- STD 15. Interior lights – Dome lights (or courtesy lights) should not be wired to turn on automatically when the vehicle’s doors are opened. A dash-based switch must control dome and dash lights. A second dome light (in addition to the standard dome light) must be mounted in the interior roof center immediately above the windshield and must be turned on and off by a switch on the fixture.
- STD 16. Door locks and windows – Power door locks and power windows, all operable from the driver’s side door.
- STD 17. Gas tank – Maximum size available. 18.5 gal
- STD 18. Gauges – Dash mounted full instrumentation to include trip meter and temperature, amp meter (or voltage), fuel and oil pressure gauges.
- STD 19. Horns – Dual electric horns.
- option ~~STD~~ 20. Interior – Carpeting and color keyed floor mats front and rear.  
Incl  
A. Seats (marked squads) – Heavy-duty cloth front bucket seats (if available) Cloth front and Vinyl rear seats, with power seat to driver and contoured for duty belts.
- STD 21. Locks and keys – all vehicles supplied by one manufacturer shall be Fleet keyed alike and use one key to operate doors(driver and passenger), ignition and trunk. Should the bid that’s accepted be that same manufacturer as last year, they need to be keyed alike as last year’s cars.  
A. Six (6) each remote access keys for marked squads
- option Incl 22. Mirrors – Remote control nonglare type exterior mirrors on right and left sides, interior day/night mirror. Exterior mirrors MUST be HEATED.
23. Paint color – To be determined on acceptance of bid.
- STD 24. Radio – Factory installed AM/FM stereo radio.
- STD 25. Radio Noise Suppression Kit – Manufacturer’s standard AM and police radio noise reduction kit including any optional grounding straps are required.
- STD 26. Rear window defroster – Electric type defroster with wire in glass.
- STD 27. Speedometer – Certified and calibrated by the manufacturer and accurate to within two (2) miles per hour throughout the entire speed range when installed and operated in the vehicle.
- STD 28. Steering – Power steering with firm feel and tilt.

- STO 29. Tinted glass – Tinted glass on all windows.
- STO 30. Largest trunk space available. Trunk light – Light in trunk compartment to illuminate the trunk area whenever the deck lid is open, regardless of the position of ignition switch or other manual switches.
- option  
Incl 31. Wheel covers – Full size vented wheel covers.
- No Spare  
Tire Service Kit  
Incl 32. Wheels /Tires -heavy-duty type, designed for police use. Valve stem must extend outside the wheel cover to check air pressure. Must include donut spare tire.
- STO 33. Windshield wipers and washers – Intermittent wipers and electric washers.
- STO 34. Air bag – Drivers and passenger’s side.
- option  
Incl. 35. Spotlight –  
A. Driver’s side factory installed for two (2) marked squads.
- STO 36. Wiring option for horn, siren and radio should be factory installed.
- STO 37. Factory wiring harness for alternating or flashing headlights.
- option  
Incl. 38. Center console equipment rail.
