### **Car Report**

Sheriff Greening presented the car report. The report was placed on file in the County Clerk's office with the minutes. Sheriff Greening also informed the committee that he has been in contact with Ewalds about the past the deadline price increase on the proposals that were opened up in December. Ewalds has not gotten back to him with an answer but they had already given the 30 day grace period from the state contract bid which expired on November 1, 2015. Sheriff Greening stated that we are probably going to have to pay the extra and that we will start the proposal process sooner this year so we don't miss out on the state contract bid amount.

Moved by Pennington, second by Poltrock to approve the Car Report. All ayes.

**Motion Carried.**

### **Sheriff/Jail Office/Nurse Report**

Sheriff Greening presented the Sheriff/Jail Office/Nurse Report. The report was placed on file in the County Clerk's office with the minutes.

Sheriff Greening informed the committee that one new deputy, Jordan Sorano started yesterday. The second deputy on the eligibility list Sheriff Greening did not hire due to discovering issues on the background check. Sheriff Greening then made an offer to the next available candidate on the eligibility list and will possibly be hiring him later this week after the psychological results come in. These two are for the vacancies due to two retirements from October. Sheriff Greening stated that he got more bad news after receiving a letter from Investigator Mark Hoerman stating that he is retiring and that his last day is January 8, 2016. There is no one left on the eligibility list and we will have to re-advertise again to refill another deputy position due to Hoerman's retirement. Poltrock asked about the promotion process and when the Lieutenant and Investigator's vacancies will be filled. Greening stated that he will probably start the promotional process by the end of the month after filling the two current deputy positions.

Sheriff Greening also informed the committee that the dispatch testing and interview process has been completed and the top two candidates were given a conditional offer of employment. The first dispatcher hire will be in January for the additional dispatch position and the second dispatcher hire will be in April for filling the vacancy for Anne Osborne's retirement in September.

Moved by Pennington, second by Cahak to approve the Sheriff/Jail Office/Nurse Report. All ayes. **Motion Carried.**

### **Next Meeting Date**

The next meeting will be held Tuesday, February 02, 2016 at 8:00 a.m.

### **Adjournment**

A motion was made by Poltrock, second by Cahak to adjourn the meeting at 8:33 a.m. All ayes. **Motion Carried.**

Respectfully submitted, Kim Bissonette, Public Safety Committee Recording Secretary

## Emergency Management Report – Jan. Meeting 2016

December finally brought in some snow to give everyone a white Christmas, like it or not. Work has continued on a community-wide approach to the mass notification system. For the 3<sup>rd</sup> year in a row, unusual weather conditions have brought some ice/snow dams to slow the flow of the Wolf River, triggering high water concerns. Here is just a brief synopsis of some of the month's activities:

- Chaired the 16 county NEWCOM communications group on current issues in the northeast region of the State.
- Attended several meetings during the month with members of the City of Antigo, the Langlade Co. Economic Development and the Langlade/Antigo Chamber of Commerce to collectively work on, and promote, the mass notification system.
- Exported a Frontier ESL extract to Nixle, updating all changes made to the county land-line phone numbers.
- Conducted a RCALL41 rollcall to the counties in the northeast region, testing the response to the WISCOM Statewide radio system.
- Participated in a conference call with ShoreTel and ModUCom technicians as we prepare to replace the communications consoles in the Dispatch Center. Also supplied photos, frequency lists and setup data to ModUCom.
- Made the 2016 migration efforts for Computer Information Systems to switch to the new year implementing changes.
- Dealt with the high water issues on the Wolf River.

Respectfully submitted,

Brad Henricks  
Emergency Management Director
