Child Support Report and paid bills

Becky McPhail presented the Child Support report and paid bills. The Child Support report was placed on file in the County Clerk's office with the minutes.

Becky also informed the committee that they are doing better on their arrears collections, which has a lot to do with the administrative enforcement that they've been given such as liens on cars etc.. There was an incident where a gentleman wanted to get remarried and go to Mexico. He couldn't go because he was unable to get a passport because his child support was in arrears. The gentleman had to pay the arrears off before he could get the passport.

Moved by Dahms, second by Bonacci to approve the Child Support Report and paid bills as submitted. All ayes. **Motion Carried.**

Emergency Management Report and paid bills

Brad Henricks presented the Emergency Management report and paid bills. The report was placed on file in the County Clerk's office with the minutes.

Brad also informed the committee that the national weather service had given out a moisture content count of the snow on the ground. The snow that we have presently has a low water content which adds up to a little over three inches of water and that with the snow cover there is little or no frost. Brad presented the Skinner Dam Emergency Operation Plan in which he has been working on for the past few weeks looking at the flood plan and getting a procedural in place. Brad is going to publish a flood plan in the paper within the next two weeks for anyone in the flood plain. There will be a form that can be filled out so notification can be given to anyone with disabilities etc., and have them moved out if needed. Brad also updated the committee on the paging for the fire and EMS departments. Wolf River and Troutland called about three weeks ago and said that they aren't getting their pages. Northway was sent out to the tower site to take a look at it and have confirmed that there is a problem with the antenna or transmission line on the tower. A crew from OK Tower Service is going to have to go up on the tower. The cost for this will probably be close to \$3,000.

Moved by Bonacci, second by Dahms to approve the Emergency Management Report and paid bills. All ayes. **Motion Carried.**
