HWY 52 Intersection stop sign removal	<p>Area residents came to discuss the removal of stop signs from several intersections on STH 52.</p> <p>This is a state highway and the DOT is responsible for any decisions and changes made to it. In November 2013 the Traffic Safety Committee asked the DOT to complete a study regarding signage at the intersection of STH HWY 52, CTH S and CTH B after a fatal crash. This intersection as well as 5 others in the area were reviewed by engineers and compared to state standards and the result was the removal of stop signs.</p> <p>There were many calls to the Sheriff's</p>	Everything has been put on hold pending further investigation by the DOT. If further changes are made the local residents will be notified of the changes.	DOT	

	<p>department regarding this change and as a result some of the signs have been put back up. It was acknowledged that proper notification of the area residents had not taken place given the significance of the change.</p> <p>CTY B project- this will only be completed in small increments each year</p>
